Safety

Experience complete protection without compromising your visibility with the crystal-clear Perspex front windscreen – ultimately shatterproof. With the durable outer shell material, water droplets simply glide off – you will never have to shake off those stubborn raindrops ever again.

Durability

Constructed with high quality materials including water repellent nylon.

Aircraft grade lightweight aluminium, helps to maintain the range of your mobility scooter.

Quick fitting

Waiting 8 weeks for a mobility scooter canopy to be produced is so last decade. Don't get wet waiting for the protection you know you need – next day delivery is available in addition to a simple and speedy installation.

Universal compatibility

Already own a mobility scooter? With two different sizes there is no need to worry; the Canopy is compatible with virtually every make and model.

Why should you buy our canopy?

- Safety – All round visibility, accessible doors & windows
- Easy to use – Effortless fitting & hassle free setup
- Weatherproof – Stay safe and dry in even the heaviest rain.

Complete independence all year round has never been easier – you can now finally explore the outside world whenever you want to.
