

IGNITE GRANDE

Going big with extra muscle and extra stability

EXTRA MUSCLE, EXTRA STABILITY

As a robust mobility scooter, the Ignite Grande has been designed with a larger weight capacity, heavy duty suspension and a wider heated seat.

Travel in style and turn heads with the most powerful and durable mobility scooter ever produced. Stay in the groove by taking advantage of the extra wide luxurious heated seat, with backrest and cushion warmth.

Just like Agnes, you've finally found that extra muscle.

EXTRA MUSCLE

Raring for speed

With the integrated powerful controller, achieve top speeds for longer.

The Driving Experience

The Smooth Acceleration System makes steering and controlling the Ignite Grande a breeze in the park. Be control confident with the accessible Finger & Thumb Controls, ergonomically designed with your needs in mind.

Oh Yeah!

Pete's heard the Ignite Grande comes with more muscle power with the 1400W motor.

EXTRA RANGE

With the industry leading battery capacity, distance no longer separates you from loved ones. Achieve 45 miles range on a single charge.

Go the distance with the Ignite Grande's fantastic chart your adventure – spend quality time with family and friends, visit all your favourite shops and cruise through the fresh countryside air, all on one charge.

Oh the places i'll go!

Maggie busy planning days out- with the new Ignite Grande. . .

EXTRA HEAT

Featuring a Luxury Heated Seat as standard.

Encircle your body using purposely designed technology – enabling you to take to the road in ultimate comfort, all day long.

With Ultra-Soft Suspension navigate any environment from your local cobble streets to the rural off-road tracks.

Oh la la!

Agnes has just experienced toasty seating!

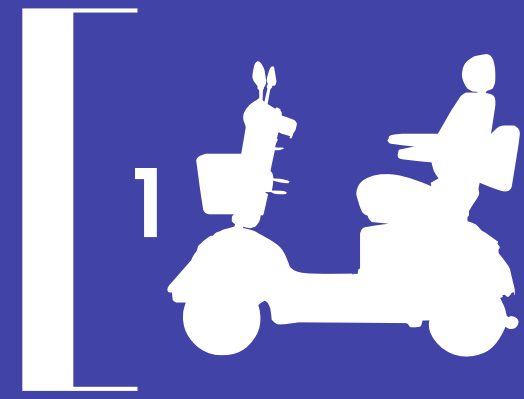

Turn your winter into summer with the Heated Seat – standard on the new Ignite Grande.

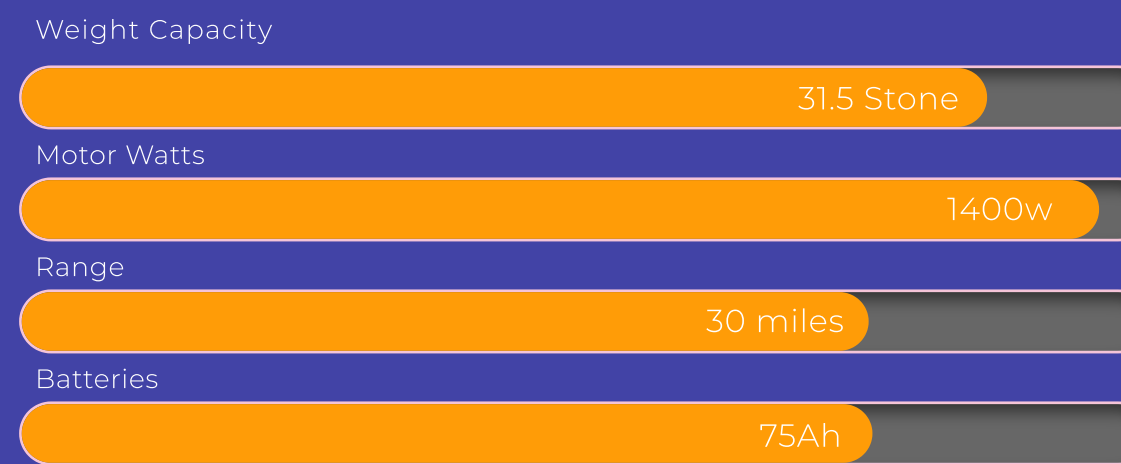

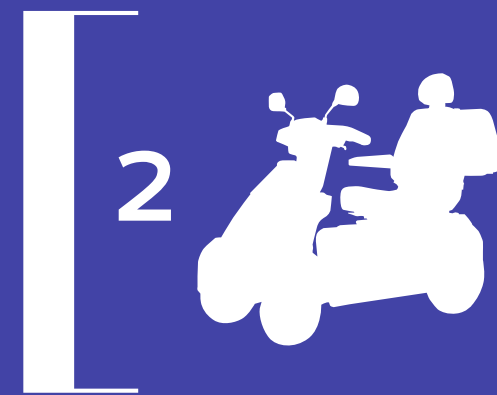

Pole Position

First to cross the line every time... Discover how the Ignite Grande performs again in the competition.
