# COMPACT & Bijou

Introducing the Ignite Mini. Smaller than it's bigger brother the 'Ignite' but just as capable...

Featuring all the favourite family features offered by its bigger brother, the Ignite Mini is a remarkable midsized mobility scooter.

## Packed with features

- Digital dashboard – Speedometer & trip computer
- Luxury captain seat
- Super grip tyres
- Dazzling front & rear lights
- Dual USB charging
- Ultra-soft suspension
- Ergonomically designed steering tiller

# Woo hoo!

Elsie just heard – the new Ignite Mini mobility scooter has arrived...

Mobility Scooter

# RANGETASTIC

Designed with a boundless attitude, journey even further than the power of your imagination.

Go the distance with the Ignite Mini's fantastic 35 mile range and start planning your adventures – spend quality time with family and friends, visit all your favourite shops and cruise through the fresh countryside air, all on one charge.

"Ignite Mini, goes on and on and on..."

*Oh the places i'll go!*

Maggie busy planning days out – now with the new Ignite Mini she will go anywhere.

Mobility Scooter

# A LITTLE LUXURY

Treat yourself with a little extra warmth this winter with the Ignite Mini featuring a **Heated Seat** as standard. Ignite Mini's purposely designed technology enables you to take to the road in ultimate luxury, all year long. With Ultra-Soft Suspension navigate any environment, from your local cobble streets to the rural off-road tracks.

*Oh la la!*

Agnes has just experienced toasty seating!  
Turn your winter into summer with the Heated Seat - standard on the new Ignite Mini.

## Your heavenly hot seat

- Heated seat activated using simple touch button
- Crafted with highly durable, easy clean fabric
- Four-way adjustable driving position
- Independently moving arm rests ensure complete posture stability
- 90-degree swivel facilitates effortless access
